Staying informed

If we do not have you up to date contact details we can't keep you informed of what is happening at school or update you in the case of an emergency!

You can update your phone numbers and email addresses using the SIMS Parent app. If you need a link to re-register your account please let the school office know **as soon as possible**.

If you have not downloaded the school spider app and registered your account you will not receive text messages from the school. Please set up your account on school spider as soon as possible, if you need another link please speak to the school office.

It has never been more important for us to have the most up to date contact information for you given that we are in the middle of a pandemic. If we needed to contact you due to your child taking ill with Covid symptoms it is no use us ringing a mobile number that you no longer have.

Please help us keep you all safe by making sure we can contact you and making sure you are receiving the most up to date information from the school

Face masks

Please make sure you are wearing a face mask when you are on the school premises. We are following government guidelines with regards to mask wearing. All parents and carers are required to wear one when dropping off or collecting their children unless exempt.

Please help us to keep you and your families safe during this pandemic!

Social Distancing

Please remember to social distance when bringing or collecting your children from school. The guidance is 2 metres apart. If you are unsure or need to refresh your awareness of social distancing please see the government guidelines.
